Called Dr. Langer and advised him that the DCI wants SE-16 printed and issued in the regular form for SEs. The DCI feels there is no need for this to be handled as a working paper and [redacted] can use the regular published edition.

Went to see Mr. Bohlen, State Department, and discussed with him the Hoover letter, 27 September, in regard to the split in the Politburo. Left a copy with him and have been assured he will protect us on it. We will receive a copy of his memo to Secretary Acheson. On the basis of this, a new evaluation of the letter will be drawn up.
